CAREER SUMMARY

Aaron serves as a Senior Design Manager with Embree Construction Group, Inc, where he is responsible for leading a program providing turnkey solutions for remodels, tenant improvements and capital expenditure initiatives.

Aaron joined Embree Construction Group in 2016 as a Project Manager working on ground-up developments and Interior Improvements for clients to include Public Storage, Truluck's, Fielding's Restaurant Concepts, and Prestige Daycare Facilities.

Prior to joining Embree Construction Group, Aaron served in key sectors of the construction industry. He was a Project Manager with Lord Aeck and Sargent Architecture providing Architectural services for large-scale Institutional, Municipal and Historic Landmark projects. He then transitioned into Construction Management for Samsung overseeing various project initiatives ranging from remodeling laboratory facilities to provide the design and construction coordination of the ground-up development of the Samsung R&D Headquarters Campus in Mountain View, CA.

With over 14 years of experiences providing Architectural, Construction Management, and Project Management services on a broad range of project types; Aaron has developed a unique background in managing projects from conceptual development and acquisition, to securing entitlements and permitting, and overseeing construction.

Aaron is an active Commissioner for the Planning and Zoning Commission with the City of Georgetown, TX. and previously served as a Commissioner on the Zoning Board of Adjustments.
