CAREER SUMMARY

Brad Krem serves as Senior Design Manager with Embree Asset Group. His primary focus is ground-up development where he oversees projects from conception through city approvals, design, and permitting for a national retail client.

Prior to joining Embree Asset Group, Brad served as a Project Manager with Point Consulting, LLC, where he was responsible for managing and designing commercial projects across Denver, Colorado. Brad also served as Engineering Department Manager with CLC Associates in Scottsdale, AZ, where he earned partnership in the firm, overseeing and managing civil engineering, survey, architecture and landscape architecture departments and staff.

Brad offers over 31 years of diverse experience, including drafting, project design, facilities management, construction administration, and budgeting and forecasting for projects ranging from one acre pad sites to 80+ acre mixed-use centers totaling over 1.25 million square feet.
