#### CAREER SUMMARY

Ty Dowding is a Senior Project Manager at Embree, managing new and remodel construction projects in the retail, banking, and healthcare markets. Working closely with our clients and design professionals, Ty and his team provide quality work and timely deliveries.

Ty started out in residential construction, and after relocating from the Phoenix area to Central Texas, transitioned into commercial construction management. Prior to joining the Embree team, Ty managed construction projects ranging from firehouses and historic courthouses to sports facilities for high schools and universities. Ty provides over 25 years of construction industry experience and is a certified Project Management Professional (PMP).
