CAREER SUMMARY

Jennifer Hales serves as Operations Manager with Embree Construction Group, where she oversees a superintendent base of approximately 70 employees. Jennifer's responsibilities include recruiting and on-going training, project and location scheduling, overseeing processes and procedures for field operations, as well as direct support to the President of Embree Construction Group, Inc.

Jennifer joined Embree Group in 1996 as a Construction Administrator responsible for administration and coordination of construction projects for the company. After a decade of ongoing and increasing responsibilities, Jennifer moved into the role of Development Coordinator for Embree Asset Group, where she created procedures for development projects and real estate transactions, from site selection through closing.

Jennifer's tenure with Embree Group, along with her extensive knowledge of procedures and policies, make Jennifer an invaluable asset to the company.
