CAREER SUMMARY

Dave Fremmer serves as Vice President of Design and Construction Services for Embree Development Group, Inc., where he oversees all design and construction services.

Prior to joining Embree in 2008, Dave was the Manager of New Store Planning and Design for Goodyear Tire & Rubber Company. In this role, Dave led the redesign of the building prototype for the retail tire stores, modernized the sales area, and remodeled all 830 retail stores within two years. Dave helped Goodyear realize this goal on time and under budget.

Dave believes in and practices personal and corporate integrity and esteemed values among the Embree Group of Companies. He praises Embree for retaining the family-owned company atmosphere despite the rapid expansion.
