## TENANT OVERVIEW

### Hani Baskaron Experience

Hani has over 35-years of experience as a business owner and a business consultant. In 1979 Hani worked closely with ARCO president implementing a new strategy for ARCO to capture the retail gas market on the West Coast. During the implementation of the new strategy they increased the average gallons sold per month from 30-60 thousand to a minimum of 300 thousand, all while maintaining high margins. Hani quickly became the highest ARCO volume producer and most successful operator on the West Coast. Hani approached ARCO with a vision of introducing refreshments, snacks, and food into the stations. ARCO utilized Hani's stations as a test pilot program and proved to be extremely successful. Hani quickly became the number 1 operator in terms of sales, customer satisfaction, and cleanliness. Hani's corporation owned and operated over 150 gas stations and generated over 65 million a year in sales. During the tenure of ownership, Hani's company generated more profit than any other service station while maintaining the highest standard in each store to provide the best service experience for their customers.
